## Surgeon of the Future

The Seattle Surgical Society Annual Meeting will be held on Friday January 13, 2012 at the Westin Hotel followed by the banquet at the Columbia Tower Club.

The theme this year will be “The Surgeon of the Future”. Our Keynote Speaker, Dr. Tom Russell, former Executive Director of the American College of Surgeons, will delight us with his insights on the surgeon of future. Dr. Richard Satava, considered by many as a “Surgical Futurist” will explore the topic as well. A panel discussion by local experts in the use and growth of social media in medicine will also take place.

As in the past we will include the 3-minute resident paper competition and “Surgical Jeopardy.” Dr. Richard Thirlby will be reviewing the “Best Papers of the Year.” We have also secured Rob McKenna, Republican gubernatorial candidate, as our lunch time speaker.

We strongly encourage you to attend and support our Society. Please consider inviting a guest to the meeting and the banquet.
