8:10-9:30 am Resident/Fellow Presentations I

**Gastric neurostimulation for treatment of post-Nissen gastric atony**

Presenter: Ida Wilson, MD  
*Discussant: Brant Oelschlager, MD*

**Healing from the inside out: using E-VAC therapy for sleeve gastrectomy leaks**

Presenter: Ruby Laskin, MD  
*Discussant: Judy Chen, MD*

**Gastric hibernoma: an unreported location of a rare tumor**

Presenter: Shane P. Smith, MD  
*Discussant: Flavio Rocha, MD*

**If it looks like a duck, swims like a duck, quacks like a duck, it's probably...a VIPoma?**

Presenter: Charles Hillenbrand, MD  
*Discussant: David Byrd, MD*

**The quiet giant: the importance of a thorough physical exam**

Presenter: Joshua E. Rosen, MD, MHS  
*Discussant: Thomas Biehl, MD*

**Unusual presentations, unreliable gastrin levels, Zollinger-Ellison Syndrome confirmed**

Presenter: Shelby Reiter, MD  
*Discussant: Flavio Rocha, MD*

**Ultrasound confidence predicts CT scan conversion rate for children with possible appendicitis in general hospitals**

Presenter: Edward Hagen, MD  
*Discussant: John Waldhausen, MD*

**Gossypiboma: bowel obstruction 19 years in the making**

Presenter: Paul Trottman, MD

*Discussant: Michael Burke, MD*

**The truth is hard to swallow: dysphagia misdiagnosed**

Presenter: Piers R Boshier, MD

*Discussant: Roger Tatum, MD*

**Cardiac trauma caused by nathanson retractor during laparoscopic vertical sleeve gastrectomy**

Presenter: Rebecca Grace Lopez, MD

*Discussant: Lily Chang, MD*

**Cardiac paraganglioma: an extremely rare intrapericardial tumor**

Presenter: Andrew Feczko, MD

*Discussant: Michal Hubka, MD*

**Single-stage hybrid repair of co-presenting ascending and descending mycotic aortic aneurysms**

Presenter: Bryce French, MD

*Discussant: Nam Tran, MD*

**Fistula until proven otherwise: a case of an SMA-graft to duodenal fistula**

Presenter: Sawley Wilde, MD

*Discussant: Kaj Johansen, MD*

**Adventitial cystic disease of the common femoral vein**

Presenter: Emily Kobayashi, MD

*Discussant: Ellen Derrick, MD*

**A tale of two hepatic cysts**

Presenter: Greg Lisse, MD

*Discussant: Grant O'Keefe*

9:30-10:00 am Break/Exhibitors

10:00-11:30 am Point Counterpoint

**Hernia surgery: Robotic or not?**

Nicole White, MD and Andrew Ting, MD

**Perforation after screening colonoscopy: Laparotomy or observe?**

Samantha Quade, MD and Eric Johnson, MD

**Routine or selective cholangiogram?**

Kate Mandell, MD and Grant O'Keefe, MD

11:30-11:45 pm Business Meeting (SSS members only)

11:45-12:45 pm Lunch

12:45-1:15 pm **The History of Harborview Hospital – Part 1**  
Kaj Johansen, MD, Seattle Surgical Society Historian

1:15-2:35 pm Resident/Fellow Papers II

**Pulmonary parenchymal sparing treatment of central airway carcinoid tumors**

Presenter: Ryan Clark, MD

*Discussant: Douglas Wood, MD*

**Implementation of a rib fracture bundled care pathway and the role of protocolized non-opioid systemic analgesics**

Presenter: Cordelie E. Witt, MD

*Discussant: Michal Hubka, MD*

**Identification of high risk geriatric trauma patients**

Presenter: Ashley D Meagher, MD

*Discussant: Katherine Mandell MD, MPH*

**Cost-utility in the management of blunt splenic injury: is there a role for splenic artery embolization?**

Presenter: Lara Senekjian, MD

*Discussant: Scott Helton, MD*

**Outpatient opioid use of burn patients: a retrospective review**

Presenter: Haig Yenikomshian, MD

*Discussant: Stephen Bayles, MD*

**The mostest for the 'mosis**

Presenter: Robert Henley, MD

*Discussant: Erin Lange, MD*

**The root of the problem: successful laparoscopic metastectomy for base of inferior mesenteric artery nodal spread in colon cancer**

Presenter: Rachel Heneghan, MD

*Discussant: Greta Bernier, MD*

**Complete endoscopic diagnosis, staging, and palliation of periampullary malignancy**

Presenter: Angelena Crown, MD

*Discussant: Scott Helton, MD*

**High grade neuroendocrine carcinoma of the gallbladder presenting as biliary colic: a rare twist to a common problem**

Presenter: Christina Weed, MD, MPH

*Discussant: Darlene Barr, MD*

**When is a headache more than just a headache?**

Presenter: Caleb Barnhill, MD

*Discussant: Nicole Zern, MD*

**The case of the missing cherry pit, or, the case was the pits**

Presenter: Clare French, MD

*Discussant: Patch Dellinger, MD*

**Y90 not? A two birds, one stone application of Yttrium-90 radioembolization to resection of upfront unresectable hepatic metastasis**

Presenter: Elizabeth Carlson, MD

*Discussant: Marquis Hart, MD*

**Pancreaticoduodenectomy in a patient with prepancreatic postduodenal portal vein**

Presenter: Zaheer S. Kanji, MD

*Discussant: Thomas Biehl, MD*

**Legacy operations: the Finney and Jaboulay gastroduodenostomies**

Presenter: Ryne Marshall, MD

*Discussant: Richard Thirlby, MD*

2:35-3:25 pm Panel Discussion: Healthcare Legislation

**MACRA, MIPS, APMs, ACOs and EOCs – An overview of the new healthcare payment alphabet**

Josh Liao, MD, Associate Medical Director of Contracting and Value-Based Care at University of Washington

**What can a surgeon do to optimize access to surgical care in the era of the ACA?**

Mika Sinanan, MD, Medical Director of Contracting and Value-Based Care at University of Washington

**The ACA and King County's health care safety net**

Frederick Chen, MD, Chief of Family Medicine, Harborview Medical Center and former President of King County Medical Association

**Merging drivers: when quality-driven care meets legislation-driven care**

Sue Anderson, President of Virginia Mason Medical Center & Executive Vice President of Virginia Mason Health System

3:25-3:50 pm Break/Exhibitors

3:50-4:35 pm      Updates for Seattle Surgeons

**Updated CDC guidelines for SSI prevention**  
                         E. Patchen Dellinger, MD, University of Washington

**Melanoma sentinel node**  
                         David Byrd, MD, University of Washington

**Harborview's new ECMO program**  
                         Sam Mandell, MD, Harborview Medical Center

4:35 pm              Adjourn
